GROWING FAT ON 40 CENTS

CHICAGO LOW LIVERS ARE NOT LOSING FLESH BY ADHERING TO SCIENTIFIC MENU

(By Associated Press.)
CHICAGO, Nov. 25.—The twelve members of Health Commissioner Robertson's "diet squad," who are engaged in a two weeks' test to demonstrate that good and healthful food can be served for 40 cents a day, despite high prices, are reported to be in excellent condition. The combined gain in weight announced by those in charge was eleven pounds.

The menu for today is:
Breakfast—Stewed prunes, rolled oats, buttered toast, postum or coffee.
Luncheon—Lamb fricasse with dumplings, Waldorf salad, bread and butter, tea.
Dinner—Split pea soup, road veal, boiled rice, cold slaw, bread pudding.
"When the test is over the grocery and meat bills for the food purchased will be open to the public," Dr. John D. Robertson said.

TROOPS WITHDRAWN

(Continued from page 1)
made the subject of a supplemental memorandum. The Mexicans had contended earnestly against signing any agreement in which they appeared to sanction what they termed the violation of their national territory. It was the agreement of the Americans finally to content themselves with stating the attitude of the United States in a separate memorandum that induced the Mexicans to sign the agreement.

General Pershing is to have charge of the plan of withdrawal and the right to use the railroad to Juarez for the transportation of his troops and the movement of his supplies if he desires.

The Mexicans contended for the incorporation in the protocol of a clause providing that if troops were sent across the line in pursuit of bandits they should be moved only to certain distances, that they should comprise only certain arms of service, and include only a specified number of men; that they should be kept in the country only a certain time, and that they must be moved only in certain regions. To all these arguments the Americans were firm in their insistence that there must be no limitations.

The Mexicans have been insistent that there should be defined a neutral zone in which the armies of the two governments might operate, but since consideration of that point invariably brought the commissioners back to the question of limited pursuit, it was definitely rejected by the Americans, as was the suggestion for co-operation in which many troops might find themselves commanded by Mexican officers.

ATTACK REPULSED

(Continued from page one)
Two officers of Gen Trevino's general staff were killed. The body of General Julio Acosta, one of Villa's commanders, was found to the west of the city, as was the body of Andres Sada, Villa's secretary.

General Acosta was killed in action by Colonel Cadera of the Carranza cavalry column.
An effort was made to storm Santa Rosa hill and capture the artillery. General Gonzales Cuellar's infantry remained quiet and allowed the bandits to approach within easy rifle range before opening fire. When the advancing men were close, General Cuellar's men poured a murderous fire into the first files, following this with volleys at intervals of one minute. The result was another retreat, which started at 2:30 a. m., and prevented the Villa bandits from capturing the heavy artillery on Cerro Santa Rosa.

General Trevino denied the report that any of his men were deserting to Villa.

ALABAMA MAN ADMITS HE SLEW HIS RIVAL

(By Associated Press.)

HUNTSVILLE, Ala., Nov. 25.—Probate Judge William T. Lawler, whose body was found in the Tennessee river last June, was killed by David D. Overton, his political rival. Overton testified here today in his trial on a charge of murder that he shot the judge in self defense.

The killing, Overton swore, was the result of a fight precipitated by Lawler, who, he said, attacked him with a knife when he refused to join a plan to delay a report of the Madison county grand jury.

Overton declared he drove Lawler to the Whitesburg bridge in his buggy at Lawler's suggestion to discuss their political differences. The judge attacked him with a knife, he de-

clared, when he refused to take immediate steps to delay any action by the grand jury. After a desperate fight, he said, he killed his antagonist, but had nothing to do with the disposition of the body, found three days later weighted down in the river.

He informed Sheriff Robert Phillips of the tragedy the night it occurred, Overton said, and when he saw Phillips the next day the sheriff told him "the body had not been brought to town and that no one would find it." Sheriff Phillips committed suicide during the next week, leaving word he could not bear the suspicion he believed was directed against him. Three days earlier, Shelby Pleasant, a Huntsville attorney, committed suicide.

PEACE PROSPECTS ARE VERY DIM

WAR MINISTER SUSPECTS GERMAN OF SUBMARINING HOSPITAL SHIPS

(By Associated Press.)

LONDON, Nov. 25.—Rumors that there was a possibility for some definite negotiations towards peace are discounted by Lord Robert Cecil, minister of war trade, who said that "in view of the Belgian deportations and the sinking of hospital ships, any talk of peace at the present time must be futile."

Lord Roberts continued: "We have not yet had in the case of either the Britannic or the Broemmar Castle any official report as to whether the ships were torpedoed or mined, but the proximity of the disasters inevitably leads on to believe that a submarine must have been responsible."

NEW DISTRICT ATTORNEYS IN MOST OF THE COUNTIES

The complete returns show that this has been a popular year for new district attorneys, as nearly every county succeeded in effecting changes in this important office. Among these is J. H. White, former postmaster at Hawthorne, who was elected district attorney of Mineral county by a plurality of 234 votes. White is one of the most popular young men of the state, and in Mineral county, where he was reared, he stands better than ace high.

TOUR AROUND WORLD AT THE HIGH SCHOOL

A splendid attendance greeted the efforts of the managers of the Trip Around the World staged at the high school last evening. The entire building was used by the transportation department, which undertook to carry guests for a small fee from Tonopah to the antipodes and back in the space of two hours. The several class rooms were decorated in colors of the different countries and pupils gave folk songs and served special delicacies to the visitors. The entire project was planned with such nicety of detail that there was not a single pause in the performance.

BUTLER THEATER

Mabel Talliaferro will be the feature attraction at the Butler this evening, in "God's Half Acre," a five part Metro. Miss Talliaferro was last seen on the screen in "Her Great Price" and "The Snowbird." Since going into the silent drama she has more than duplicated her great success of the speaking stage. "God's Half Acre," directed by Edwin Carewe, one of the foremost directors in the country, is one of the best features of the season. Napoleon and Sally, the educated chimps, will appear in another one of the animal comedies, which are so pleasing to the little folks. Tomorrow, a drama with a terrific punch, George Heban, the world famous portrayer of Italian characters, in an Italian story entitled "Pasquale," the Italian grocer, who is called back to Italy to the battle front.

Monday, Marie Neilson, the popular prima donna, will appear in a return engagement. Miss Neilson will be garbed in a gorgeous gown, wearing cloth of gold slippers, the heels of which are studded with diamonds.

MONSTER SPUDS BROUGHT IN FROM SOUTHERN COUNTY

H. H. Bacon, the real estate man, has just returned from the Palmaraghat valley with specimens of potatoes they raise on Richards' red, white and blue ranch. The samples are of regular formation and weigh around three pounds each. At current market rates this would make each potato worth 15 cents, or better than the finest oranges.
